

Greetings!

We are so excited to create this new opportunity to showcase and honor the talent of our Thespians across the state of South Carolina. This is a new program and it is intended to grow into a large program to include all areas of theatre in the coming years. We wanted to take the first step and start with something that we could grow into a full experience in the future!

DANCE VIDEOS:

- MOVER VERSION: <https://www.youtube.com/watch?v=fd0yz5pZeDI>
- DANCER VERSION: <https://www.youtube.com/watch?v=e7GwGRjxJh8>
- TUTORIAL: <https://www.youtube.com/watch?v=aRnNyO0WU0g>

Here is a message from our Choreographer and Leader on this new endeavor:

We are looking for a dynamic group of actors, singers & movers/dancers to comprise our large group number to Seize the Day. Not all students will be required to perform in all the dance sections, so do not hesitate to modify the movement as mentioned in the tutorial. If anyone tumbles: please include any tricks (walkovers, flips, toe touches) after filming themselves dancing the combo. Do not push yourself if you are not comfortable doing so. Thank you in advance!

Who is our Choreographer? Meet Mackenzie Warren!

Mackenzie is honored to return to her home state where her love of storytelling began. She has called New York her home for almost 13 years after getting a BFA in Musical Theatre from the University of Oklahoma. She spent a decade performing in Broadway shows, tours and theatres around the country including the Broadway revival of *Cats* (Bombalurina), and the First National Tours of *Pippin* (Swing, Fastrada u/s) and *Anything Goes* (Reno u/s). She is currently the office manager for VC firm Thrive Capital, maintains a small calligraphy/design business, is actively involved in her church, tap dances any chance she gets, and loves to go hiking to get out of the city.

REMEMBER - Above all else... HAVE FUN!
